

"Working with Outside the Bowl has taught me so much about the importance of feeding the people before anything else. Reaching their hearts and making an impact requires preparation work, Jesus made that clear. I have also learned the value of nutrition, the importance of feeding with conscience rather than just filling a stomach. I am grateful for the opportunity to learn, partner, and work together."

GOD'S HEART FOR HUNGER

Throughout the Bible we see God's heart for taking care of those in need. The Old Testament law commands farmers to leave some wheat in their fields, allowing the poor to glean from the leftovers. Verses in the New Testament encourage believers to take care of the needs of others and give to the poor. Providing a bowl of hot, healthy food is a simple act of kindness that we believe can have an eternal impact.

"Feed the hungry, and help those in trouble.
Then your light will shine out from the darkness,
and the darkness around you will be as bright as noon."
-Isaiah 58:10

September is Hunger Action Month. These 30 days are a designated time where we can be extra intentional about taking care of the food needs of others around us.

Below are a few ways to engage during Hunger Action Month:

- Share a meal with someone less fortunate.
- Host a [Super Kitchen Supper](#) and share OTB with family and friends!
- Swing by **Chick-fil-A Quarry Creek** and buy a cookie! For each one sold, OTB gets \$1. Last year you raised \$2,000 through cookie sales. Let's do even more this year!
- Support Outside the Bowl's work by becoming a [KITCHEN BUILDER](#).
- Volunteer at a local food bank.
- Set your Amazon account to shop via [AmazonSmile](#) where a percentage of your purchase is donated to Outside the Bowl.

Thank you for taking action against hunger every single day through your prayers, engagement, and financial support of Outside the Bowl.

SOUP KITCHEN OR SUPER KITCHEN?

When you think of a traditional soup kitchen, the image of rows and rows of tables and chairs with a buffet line often comes to mind. If you visit an OTB Super Kitchen with that image in mind, you'll be surprised with what you find. Outside the Bowl doesn't build soup kitchens. We build Super Kitchens.

Outside the Bowl's Super Kitchens are industrial, centralized kitchens with the capacity of producing 6,000 meals a day. These dishes are then delivered to more than 300 feeding partners who serve 25, 50, or hundreds of meals a day to those in their care. Feeding partners include churches, preschools, orphanages, community centers, schools, hospitals, and senior centers.

OTB's hot, nutritious meals allow teachers, pastors, and abuelas (grandmas) to do what they do best ... invest time, energy, and love into those receiving food. Preschool teachers in South Africa have shared that they are grateful to partner with Outside the Bowl because it means rather than them prepping meals, they are able to spend that time with the children in their care. As meals are served, hearts become open to hearing the good news of Jesus.

As Pastor Jeff Moors says, "Outside the Bowl is building the kingdom one kitchen at a time."
