Mexico Kitchens Continue to Struggle During COVID Lockdown

Supplying Hot Meals is at a Standstill

We are still unable to resume the large production of hot meals that our kitchens in Mexico were doing prior to the COVID - 19 lockdown. This is due to the fact that the government restrictions on large groups and the closing of schools is still in effect. However, we are still trying to produce and handout as many small "meal packs" as we can. These meal packs are simply a bag of groceries, enough to feed a family of four for a week. Unfortunately this is all being done through donations from the US and is only enough to justify keeping a very small staff at our kitchens employed.

Construction Resumes on Our Newest Kitchen in Juarez, Mexico

We are so excited! Outside the Bowl and Christ's Church is finally able to start back on our new kitchen in Juarez Mexico. Recently they began installing refrigeration equipment purchased before the pandemic and lock down. After a very long wait Danny and Elva will soon be cooking hot meals for their community.

We are hoping to have this kitchen complete and in

operation by the first of the year. Keep looking for our grand opening!

OTB Africa Update

"History will judge us by the difference we make in the everyday lives of children" - Nelson Mandela

OTB Africa loves joining hands with other institutions. Recently they met with Shariffa from Strausburg. She runs a soup kitchen with her mother and does a lot of good for her community. They handed out The Joy Project bracelets and gave them 2000 portions of Vita Kids porridge. Our kitchen in South Africa will continue sending products to this community with joy.

OTB Haiti Update

OTB Haiti is back in action serving some of our school partners again! We are so excited to serve these smiling faces again at Adoration Christian School. What a difference daily nutrition makes in their lives.
